Cumberland County Releases Call Information Regarding September 7th Incident In South Middleton Township

Cumberland County, PA- At 8:31am on September 7, 2014 the Cumberland County Communications Center received a phone call on a 7 digit non-emergency line reporting an individual that appeared to be intoxicated and sleeping along South Spring Garden Street. The dispatcher determined the incident was in South Middleton Township and asked the caller if the Pennsylvania State Police had been notified. The caller advised they had not, and that they would call State Police but needed the correct phone number. Cumberland County Communications provided the number to the Pennsylvania State Police Barracks in Carlisle. The call was then disconnected. The Cumberland County Communications Center did not receive any further notification regarding this incident until a request by the State Police for the Cumberland County Coroner's Office was made at 12:51pm.
