Cumberland County Proclaims October as Cybersecurity Awareness Month

Cumberland County, Pennsylvania– Cumberland County Board of Commissioners proclaimed October as Cybersecurity Awareness Month in the County as part of the national push for internet security. This month will be dedicated to highlighting the importance of cybersecurity at home and the workplace.

Cumberland County Information Management and Technology Office and Department of Public Safety will spend October focusing on educating County employees, residents and businesses on the importance of cybersecurity through a variety of programs. Each week will focus on a different theme that will address an assortment of topics including general cybersecurity, cyber-crime, workforce cyber education and much more! Additionally, tips like how to create a strong password will be provided.

Cybersecurity Awareness Month is an initiative developed and sponsored by the U.S. Department of Homeland Security (DHS). For more information on this DHS program, visit www.dhs.gov. For more information on Cumberland County's cybersecurity efforts visit www.ccpa.net/imto.
